**District Engineer
U.S. Army Corps of Engineers, Huntington District
502 Eighth Street
Huntington, WV 25701-2070**

Dear David Frantz:

In accordance with the provisions of Section 14 of the Flood Control Act of 1946, the Village of Pomeroy requests the Army Corps of Engineers assistance in addressing a stream bank erosion problem, possibly the loss of the parking lot on both sides and several slips from the parking lot to Nye Ave. The issue areas are both side edges of the parking lot, which is on the south side of the downtown area of Pomeroy. Starting at Butternut Ave going on Main St all the way to Nye Ave there are several slips along the embankment besides the Ohio River.

We are aware of the following cost sharing requirements associated with projects undertaken under this authority and are above to meet these obligations within 12 months.

- 1. Feasibility Phase is Federally funded up to \$100,000. Cost is excess of \$100,000 are shared on a 50/50 basis with the local sponsor. The sponsor's 50% share of any cost over \$100,000 may be provided by in-kind services.**
- 2. Sponsor's Share of Construction consists of provision of land, easement, right of way, relocations and disposal areas, plus a cash contribution of at least 5% of the total project cost. If this amount is less than 35% of the total project cost, the sponsor will provide any additional cash contribution required to equal 35%. The Federal limit is 5,000,000.**
- 2. The sponsor is responsible for removal of all hazardous, toxic, and radioactive wastes prior to any construction and for the operation and maintenance of the project after it is completed.**

We are aware that this letter serves as an expression of intent and is not a contractual obligation and that either party may discontinue the study process at any stage prior to construction.

Sincerely,

**Jackie Welker
Mayor of Pomeroy**

THE VILLAGE OF POMEROY

District Engineer
U.S. Army Corps of Engineers, Huntington District
502 Eighth Street
Huntington, West Virginia 25701-2070

Dear Sir:

In accordance with the provisions of Section 14 of the Flood Control Act of 1946, the Village of Pomeroy requests the Corps of Engineers assistance in addressing a streambank erosion problem along a section of the Ohio River parallel with State Route 833, also known as East Main Street, running approximately from Nye Avenue to Cherry Street, also along 833, the west side across the parking lot of Rite Aid headed around 50 foot west. The Ohio River is eroding the bank in this area and would cause immediate impacts to State Route 833, the only thoroughfare in the Village, and nearby infrastructure in the Village of Pomeroy.

We are aware of the following cost sharing requirements associated with projects undertaken under this authority and are able to meet these obligations within 12 months.

- a. Feasibility Phase is Federally funded up to \$100,000. Costs in excess of \$100,000 are shared on a 50/50 basis with the local sponsor. The sponsor's 50% share of any costs over \$100,000 may be provided by in-kind services.
- b. Sponsor's Share of Construction consists of provision of land, easements, rights-of-way, relocations and disposal areas, plus a cash contribution of at least 5% of the total project cost. If this amount is less than 35% of the total project cost, the sponsor will provide any additional cash contribution required to equal 35%. The Federal limit is \$5,000,000.
- c. The sponsor is responsible for removal of all Hazardous, Toxic, and Radioactive Wastes prior to any construction and for the operation and maintenance of the project after it is completed.

We are aware that this letter serves as an expression of intent and is not a contractual obligation and that either party may discontinue the study process at any stage prior to construction.

Sincerely,

Mayor:
Jackie Welker
