## MOORING CELL CONSTRUCTION

### BIG SANDY RIVER, MILE 3.5

Notice is given that on or about 14 July 2014, Marathon Petroleum Corporation will begin constructing new mooring cells at their facility along the left descending bank of the Big Sandy River, mile 3.5.

The floating plant will consist of the M/V ALANA PAIGE, one barge mounted crane, four flexi-floats, one deck barge, and one hopper barge. The M/V ALANA PAIGE will be monitoring marine channels 13 and 16. This work will be performed from 7:00 a.m. to 7:30 p.m., Monday through Friday, with an anticipated completion date of 15 December 2014.

During non-working hours, the floating plant will be moored at the worksite and lighted according to regulations.

Mariners are urged to transit at their slowest safe speed to minimize wake and proceed with caution.

  
JAMES W. SHINER JR.  
Chief, Technical Support Branch
