### LOCK CLOSURE

### GREENUP LOCKS AND DAM

### OHIO RIVER, MILE 341.0

Notice is given that the main lock at Greenup Locks and Dam, Ohio River mile 341.0, was shut down to traffic at 2000hrs on 4 February 2015, as a result of debris and silt build-up around the upper miter gate. The U.S. Army Corps of Engineers is working to clear the debris at the main chamber. The estimated time of completion for the effort is unknown at this time.

During this time, the 110 ft by 600 ft auxiliary chamber will be available for use.

Mariners are urged to contact the lockmaster via marine radio on channel 13 for more information.
