FACILITY MAINTENANCE DREDGING

OHIO RIVER, MILE 414.0

Notice is given that on or about 9 September 2015, McGinnis, Inc., will begin facility maintenance dredging operations at the barge facility at the East Kentucky Power Cooperative, Inc., along the left descending bank of the Ohio River, mile 414.0.

The floating plant will consist of the M/V CITY OF MAYSVILLE, one barge mounted crane, and one material barge. The M/V CITY OF MAYSVILLE, will be monitoring marine channels 16 and 71. This work will be performed from 7:00 a.m. to 8:00 p.m., Monday through Friday, with an anticipated completion date of 7 October 2015. The dredge material will be hauled off by barge to Belleview Sand and Gravel at mile 502.0, along the left descending bank. Once at the site, the dredge material will be placed in an upland disposal area.

During non-working hours the floating plant will be moored at the work site and lighted according to regulations.

Mariners are urged to transit at their slowest safe speed to minimize wake and proceed with caution.
