FACILITY MAINTENANCE DREDGING

BIG SANDY RIVER, MILE 7.4

Notice is given that on or about 11 July 2016, Superior Marine, will begin facility maintenance dredging operations for Riverway South, Inc., along the left descending bank of the Big Sandy River, mile 7.4.

The floating plant will consist of the M/V MATHEW T, one barge mounted crane, and one material barge. The M/V MATHEW T will be monitoring marine channels 13 and 16. This work will be performed from 7:00 am to 7:00 pm., Monday through Friday, with an anticipated completion date of 29 July 2016. The dredge material will be placed in an upland disposal area adjacent to the work site.

During non-working hours the floating plant will be moored at the work site and lighted according to regulations.

Mariners are urged to transit at their slowest safe speed to minimize wake and proceed with caution.
