**DIVING OPERATIONS**

**FOR RETAINING WALL REPAIR**

**BIG SANDY RIVER, MILE 3.6**

Notice is given that on or about 6 June 2017, Marine Solutions Inc. will begin diving operations to repair a sheet pile retaining wall on the right descending bank of the Big Sandy River, mile 3.6.

The contractors floating plant consists of a 26' dive boat monitoring marine channels 13 and 16. The work will be performed from 7:00 a.m. to 7:00 p.m., Monday through Friday with an anticipated completion date of 9 June 2017. While diving the international alpha and red and white dive flags will be displayed.

During non-working hours, the floating plant will be removed from the water.

Mariners are urged to transit at their slowest safe speed to minimize wake and proceed with caution.
