FACILITY MAINTENANCE DREDGING

KANAWHA RIVER, MILE 81.5

Notice is given that on or about 26 December 2006, Kanawha Crane and Construction will be dredging the Frasure Creek Mining Facility located on the Kanawha River, mile 81.5, right descending bank. The dredged material will be placed upland in an approved disposal area located at the OKAN facility, Ohio River, mile 266, right descending bank.

The contractors floating plant will consist of the MV LOUIS D, one crane barge, and one material barge. The M/V LOUIS D will be monitoring marine channel 13. The contractor's work hours will be from 7:00 am to 5:00 pm and this work is expected to be completed on or about 28 December 2006.

Mariners are urged to transit at their slowest safe speed to minimize wake and proceed with caution after passing arrangements have been made.

A handwritten signature in black ink that reads "Arlie D. Bishop".
