FACILITY MAINTENANCE DREDGING

BIG SANDY RIVER, MILE 7.5 -7.8

Notice is given that on or about 28 June 2008, facility maintenance dredging will commence at the Kanawha River Terminals, Big Sandy River, mile 7.5 along the left descending bank.

The contractor's floating plant will consist of the M/V RAIDER, one barge mounted crane, and one material barge. The M/V RAIDER will be monitoring marine channels 13 and 16. The dredged material will be placed at an upland disposal site on the Ohio River at O-Kan Marine, Mile 267 on the right descending bank. The work will take place 24 hours per day 7 days per week and is expected to be completed on or about 13 July 2008.

During non working hours the contractor's floating plant will be moored at the work site and lighted according to regulations.

Mariners are urged to exercise caution when transiting this area.

A handwritten signature in black ink that reads "Arlie D. Bishop".
