REVISION TO CHANNEL MAINTENANCE DREDGING

OHIO RIVER, MILE 279.2

Reference Notice to Navigation Interests No. 04-24, dated 17 May 2004.

Due to high water, the anticipated start date has been delayed to 9 June 2004. The estimated date of completion is 23 June 2004. All other information remains the same.

For your convenience, the following is from Notice to Navigation Interests 04-24:

Notice is given that on or about 28 May 2004, Madison Coal and Supply Company, contractor for the Huntington District Army Corps of Engineers, will commence maintenance dredging in the lower approach to Robert C. Byrd Locks and Dam, Ohio River, mile 279.2.

The contractor's floating plant will consist of the M/V FLORENCE T, two barge mounted cranes, and four material barges. The M/V FLORENCE T will be monitoring marine channel 13. The work will be performed between the hours of 7:00 a.m. and 5:00 p.m. seven days a week, and it is anticipated that work will be completed on or about 9 June 2004.

The floating plant will be moored outside of the navigation channel at the project during non-working hours and will be lighted according to regulations.

Mariners are urged to transit at their slowest safe speed to minimize wake and proceed with caution after passing arrangement have been made.

A handwritten signature in black ink that reads "Arlie D. Bishop".
