MAINTENANCE DREDGING

BIG SANDY RIVER, MILE 7.0

Notice is given that on or about 02 September 2004, Superior Marine, Inc. will begin dredging along the left descending bank of the Big Sandy River, mile 6.8 to 7.2, at the Arch Coal Terminal Inc. facility.

The contractor's floating plant will consist of the M/V BARBARA ANN, one barge mounted crane, and one material barge. The M/V BARBARA ANN will be monitoring marine channels 13 and 16. Work will be performed 24 hours per day, 7 days per week. It is anticipated that this work will be completed on or about 12 September 2004. The material will be disposed upland at the Superior Marine facility on the Ohio River, mile 305.5, right descending bank.

During non-working hours, the contractor's floating plant will be moored at the work site and lighted according to regulation.

Mariners are urged to transit at their slowest safe speed to minimize wake and to proceed with caution after passing arrangements have been made.

A handwritten signature in black ink that reads "Arlie D. Bishop".
