MAINTENANCE SCHEDULE FOR 2005

HUNTINGTON DISTRICT

It is anticipated that major maintenance and repairs will be performed at the following locations during calendar year 2005. This notice may require periodic revision. It is given so that industrial waterway users may have a general knowledge of the lock outages and can plan their operations accordingly. Factors which may affect this schedule are the delivery of materials, repairs required but not anticipated, emergency repairs as a result of accidents, and funding. All interested parties should review the maintenance schedule for impact. Additional notices furnishing specific information and operating requirements will be published approximately two weeks in advance of commencing the work items listed.
