MOORING CELL CONSTRUCTION

OHIO RIVER, MILE 259.0

Notice is given that on or about 28 August 2006, Richard Goettle, Inc will commence mooring cell construction at the American Electric Power Plant, Kyger Creek Facility, along the right descending bank of the Ohio River, mile 259.0.

The contractor's floating plant will consist of the M/V LILLIAN M, one barge mounted crane, and three material barges. The M/V LILLIAN M will be monitoring marine channels 8 and 13. Work will be performed between the hours of 7:00 a.m. and 5:30 p.m. Monday through Friday, and it is anticipated that the work will be completed on or about 1 May 2007.

During non-working hours, the floating plant will be moored at the work site and lighted according to regulations.

Mariners are urged to transit at their slowest safe speed to minimize wake and to proceed with caution.

A handwritten signature in black ink that reads "Arlie D. Bishop".
