REVISION TO NOTICE TO NAVIGATION INTERESTS 21-14

TENTATIVE MAINTENANCE SCHEDULE FOR 2021

HUNTINGTON DISTRICT

The ongoing work at Greenup and the reopening of the main chamber will be delayed until further notice due to some unforeseen installation and alignment issues of the river wall empty culvert valve. It was scheduled to reopen 18 Mar 2021. This extension is expected to last at least several additional days.

For your convenience, the following is from Notice to Navigation Interests 21-14:

Reference Notice to Navigation Interests 21-08, dated 25 January 2021. The schedule has been adjusted and is shown below. The main chamber closure at Greenup Locks and Dam, Ohio River, mile 341.0 has been delayed and will remain closed until 17 March 2021. This will result in the auxiliary chamber closure to be delayed until 18 March 2021. All other pertinent information remains the same.

It is anticipated that major maintenance and repairs will be performed at the following locations during calendar year 2021. This notice may require periodic revision. It is given so that industrial and recreational waterway users may have a general knowledge of the lock outages and can plan their operations accordingly. Factors which may affect this schedule are the delivery of materials, repairs required but not anticipated, emergency repairs as a result of accidents, and funding.
