**CHANNEL MAINTENANCE DREDGING**

**ROBERT C. BYRD LOCKS AND DAM**

**OHIO RIVER, MILE 279.2**

Notice is given that on 21 June 2021, Amherst Madison Inc., contractor for the U.S. Army Corps of Engineers, Huntington District, will commence channel maintenance dredging in the lower approach channel at Robert C. Byrd Locks and Dam, Ohio River, mile 279.2.

The contractor's floating plant will consist of the M/V MILTON, M/V BUS BROWN, two barge mounted cranes, and three material barges. The vessels will be monitoring marine channel 13 and should be contacted for passing arrangements. Dredging will be performed between the hours of 6:00 a.m. and 12:00 a.m. midnight, seven days per week. The work is anticipated to be complete on or about 27 June 2021. The dredged material will be placed in-water, downstream of the dam.

The contractor's floating plant will be moored at the worksite during non-working hours and will be lighted according to regulations.

Mariners are urged to transit at their slowest safe speed to minimize wake and proceed with caution after passing arrangements have been made.
