**REVISION TO NOTICE TO NAVIGATION INTERESTS 21-27**

**WATERWAY HAZARD**

**BIG SANDY RIVER, MILE 5.4**

Reference Notice to Navigation Interest 21-27, dated 23 July 2021. The US Army Corps of Engineers has been in communication with the Big Sandy Water District and Kenova Water Works. Two reflective buoys will be placed to mark the locations of the two protruding submarine pipelines. Specific plans to remove the hazards are still unknown, at this time. Another notice will be issued when more information is available.

All other pertinent information remains the same.

**For your convenience, the following is from Notice to Navigation Interests 21-27:**

Notice is given that two submarine pipelines are protruding near the water surface from the right descending bank to the edge of the channel of the Big Sandy River, mile 5.4, downstream of the Kenova Water Treatment Plant. Mariners are urged to avoid the area, transit at their slowest safe speed, and proceed with caution.

Another notice will be issued when more information is available.
