The System for Award Management is evolving. The beta.SAM.gov domains contain data that has been migrated from our legacy systems. The domains support two distinct types of federal awards: acquisition and federal assistance.

- Acquisition awards are contracts awarded under the Federal Acquisition Regulation (FAR).
- Federal assistance awards are grant, cooperative, loan, insurance, service, and other agreements covered by the Code of Federal Regulations, specifically 2 CFR 200.

FEDERAL ASSISTANCE

Entity Information

Entity Registrations. Information collected from anyone (e.g., vendors, state & local governments, individuals, non-profit organizations) who wants to be considered for a federal award (acquisition awards, assistance awards, or both).

Exclusions. Exclusions identify individuals, firms, and others as ineligible from receiving certain federal awards.

Upcoming Changes to DUNS – December of 2020

The D-U-N-S® number will no longer be the official identifier for doing business with the U.S. Government. Instead, a Government-owned Unique Entity Identifier (UEI) will replace and phase out the D-U-N-S® system.

- Further information about the unique entity ID can be found at: gsa.gov/entityid.
