EDT

REVISION TO NTNI 18-13

TOTAL RIVER CLOSURE

BELLEVILLE LOCKS AND DAM

OHIO RIVER MILE 203.9

Reference Notice to Navigation Interests 18-11, dated 11 April 2018. The main chamber repairs at Belleville Locks and Dam, Ohio River, mile 203.9, are underway and are anticipated to be complete this evening (17 April 2018). Until that time, the auxiliary chamber will remain available for lockage.

For your convenience, the following is from Notice to Navigation Interests 18-13:

Notice is given that effective immediately, the Ohio River is closed to mariners at the Belleville Locks and Dam, Ohio River, mile 203.9. This unexpected closure is due to a hydraulic line failure in the main chamber. The auxiliary chamber is being prepared to open and will be available sometime this evening.

The main lock chamber at Belleville will remain closed for repairs. The duration of the repair work is undetermined at this time. Additional Notice to Navigation Interests will be issued once the situation is assessed and a schedule can be determined.
