NOTICE TO NAVIGATION INTERESTS 20-22

SUBCROSSING REPAIRS

OHIO RIVER, MILE 343.5

Notice is given that on or about 28 September 2020, Otis Eastern Service, LLC will begin repairs to a submarine pipeline crossing for Texas Eastern Transmission, LP, along the right descending bank of the Ohio River, mile 343.5.

The contractor will be placing a temporary cofferdam along the right descending bank to perform the repairs. The cofferdam placement and repairs to the pipeline will be done from the land and will not require a floating plant. The contractor will be monitoring marine channel 13. This work will be performed from 7:00 a.m. to 7:00 p.m., 7 days per week, with an anticipated completion date of 26 October 2020.

In the event of high water, divers will be used to perform the repairs to the pipeline and a cofferdam will not be placed. An additional notice will be issued at that time, pertaining to the dive operations and floating plant information.

Mariners are urged to transit at their slowest safe speed to minimize wake and proceed with caution.
