POLICY ON DELIVERY OF MAIL AND PACKAGES

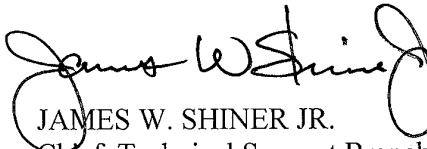

AT NAVIGATION LOCKS FOR TOWBOAT PERSONNEL

Due to the recent increase in security concerns this policy is in effect at all navigation locks within the Huntington District.

No mail and/or packages will be accepted for any non-government personnel at any navigation lock **via the U.S. Postal Service**. Also, **stamped mail** from boat crews will not be accepted by lock personnel for postal pickup.

Personally delivered mail and/or packages will not be accepted by lock personnel, nor shall items be stored at the locks for later pickup by towboat personnel. These items must remain in the custody of the delivery individual until they can be personally delivered. All regulations regarding proper safety and security at federal navigation structures must be adhered to by all individuals awaiting the arrival of tows.

Navigators are requested to adhere to this policy. These measures of the aforementioned policy are being implemented for security reasons.
