FACILITY MAINTENANCE DREDGING

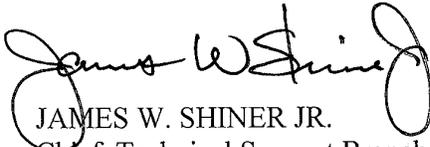

OHIO RIVER, MILE 404.5

Notice is given that on or about 16 September 2013, Dayton Power and Light Company will begin dredging operations at their facility along the right descending bank of the Ohio River, mile 404.5.

The floating plant will consist of the M/V CHRISTINE B, the M/V PAPA FRED, one barge mounted crane, four material barges, and a small hydraulic dredge. The M/V CHRISTINE B and the M/V PAPA FRED will be monitoring marine channels 10 and 16. This work will be from 7:00 a.m. to 7:00 p.m., 7 days a week, with an anticipated completion date of 15 December 2013. The dredged material will be placed in an upland disposal area located at the Dayton Power and Light Company facility.

During non-working hours the floating plant will be moored at the work site and lighted according to regulations.

Mariners are urged to transit at their slowest safe speed to minimize wake and proceed with caution.

JAMES W. SHINER JR.
Chief, Technical Support Branch
