REVISION TO NTN 13-32

REVISED MAINTENANCE SCHEDULE FOR 2013

HUNTINGTON DISTRICT

Reference Notice to Navigation Interests 13-32, dated 30 August 2013. The main chamber will be shut down to traffic at 0800 hrs on Monday September 30, 2013. We will open the river back up to traffic as soon as possible if earlier than 12 hrs.

All other pertinent information remains unchanged.

For your convenience, the following is from Notice to Navigation Interests, 13-32:

Notice is given that effective 3 September 2013, the main lock chamber at Captain Anthony Meldahl Locks and Dam, Ohio River, mile 436.2 will be closed from 7:00 a.m. to 7:00 p.m. This closure is required to repair the upper miter gate on the main chamber.

This closure will repeat on the 4th, 6th, and 7th if necessary. The main chamber will reopen for locking vessels those days during non-working hours from 7:00 p.m. to 7:00 a.m. On 5 September, no repair activities are planned in order to facilitate clearing queued vessels, if necessary. Otherwise, mariners can expect a closure that day from 7:00 a.m. to 7:00 p.m., as well.

The 600 ft auxiliary chamber will remain closed.

Additional revisions to the 2013 maintenance schedule for the Huntington District will follow.

JAMES W. SHINER JR.
Chief, Technical Support Branch
