REVISION TO NOTICE TO NAVIGATION INTERESTS 14-42
HYDRAULIC LINE REPAIRS
BELLEVILLE LOCKS AND DAM

Reference Notice to Navigation Interests 14-42, dated 11 December 2014. The work has temporarily stopped, and will resume on 2 March 2015. During this work stoppage, both lock chambers remain operational.

Once maintenance activities resume on 2 March 2015, mariners should expect minor delays due to intermittent closures on both chambers. While the main lock chamber is down, the auxiliary chamber will be available for use, and vice versa. No lock closure is expected to exceed 8 hours.

All other pertinent information remains unchanged.

For your convenience, the following is from Notice to Navigation Interests 14-42:

Notice is given that on or about 5 January 2015, work will begin to repair the hydraulic lines at Belleville Locks and Dam, Ohio River, mile 203.9. The maintenance will be performed on both lock chambers. During the repairs, the locks will be closed to traffic as follows:

Main Chamber:	5 Jan 2015 – 9 Feb 2015	Monday – Friday	7:00 a.m. – 7:00 p.m.
Aux Chamber:	9 Feb 2015 – 27 Feb 2015	Monday – Friday	7:00 a.m. – 7:00 p.m.

While repairs are underway on one chamber, the other chamber will be available for use. The anticipated completion date is on or about 27 February 2015. For more information, please contact Belleville Locks and Dam on marine channel 13 for more information.
