TRI-TIE CONSTRUCTION

KANAWHA RIVER, MILE 68.5

Notice is given that on or about 11 August 2015, ABC Corporation will begin constructing new tri-tie mooring structures at Chemours Bell Plant along the left descending bank of the Kanawha River, mile 68.5.

The floating plant will consist of the M/V DREW SCOTT, one barge mounted crane and one equipment barge. The M/V DREW SCOTT will be monitoring marine channels 13 and 16. This work will be performed from 7:00 a.m. to 5:00 p.m., Monday through Friday, with an anticipated completion date of 18 September 2015.

During non-working hours, the floating plant will be moored at the worksite and lighted according to regulations.

Mariners are urged to transit at their slowest safe speed to minimize wake and proceed with caution.
