UPPER RIVER WALL MACHINERY REPAIRS

RACINE LOCKS AND DAM

OHIO RIVER, MILE 237.5

Notice is given that on or about 20 June 2016, repairs will begin on upper river wall miter gate machinery in the main chamber at Racine Locks and Dam, Ohio River, mile 237.5. The work will be performed from 7:00 am to 5:00pm, 7 days a week with an anticipated completion date on or about 15 July 2016.

The initial setup for work will take approximately 1 to 2 days to complete and will require the main lock chamber to be closed to traffic during work hours with lockage available during non-working hours. After setup is complete, the main lock chamber will be available for lockage. The miter gate leaf will be opened and closed by a government workboat. For more information, please contact Racine Locks and Dam on marine channel 13 for more information.
