**REVISION TO NTN 17-11**

**ROCK DRILLING AND SOIL SAMPLING**

**OHIO RIVER, MILE 238.4**

Reference Notice to Navigation 17-11, dated 7 March, 2017. The completion date has been changed to 22 April, 2017. Also, the work hours have changed to 7:00 a.m. to 7:00 p.m., Sunday through Saturday.

All other pertinent information remains the same.

**For your convenience, the following is from Notice to Navigation Interests 17-011:**

Notice is given that on or about 13 March 2017, DLZ Industrial LLC will commence rock drilling and soil sampling operations above Racine Locks and Dam on the Ohio River, mile 238.4, along the right descending bank.

The contractor's floating plant will consist of two barge mounted drilling rigs. The crew will be monitoring marine channels 13 and 71. The work will be performed from 7:30 a.m. to 5:00 p.m., Monday through Saturday, and is expected to be completed on or about 4 April 2017.

During non-working hours, the floating plant will remain moored at the work site along the right descending bank of the Ohio River, mile 238.4. In the event of high water, the two barges will be moved by the M/V DALE TAYLOR to mile 229.5 on the Ohio River along the left descending bank.

Mariners are urged to transit at their slowest safe speed to minimize wake and proceed with caution.
