**MOORING CELL REPAIR, DOLPHIN INSTALLATION,
AND MISCELLANEOUS BANK WORK
BIG SANDY MILE 3.8**

Notice is given that on or about 24 July 2017, CJ Mahan Construction Co., LLC will begin mooring cell repairs, dredging, dolphin installation, debris diverter construction, and miscellaneous work along the bank for the Marathon Petroleum Heavy Oil Dock facility located along the left descending bank of the Big Sandy River, mile 3.8.

The floating plant will consist of the M/V SARA C., one barge mounted crane, one deck barge, and one hopper barge. The M/V SARA C. will be monitoring marine channels 13 and 16. This work will be performed Monday through Friday from 7:00 a.m. to 5:00 p.m., however certain activities may require work to be performed 24 hours per day, 7 days per week. The anticipated completion date is 30 October 2017.

During non-working hours, the floating plant will be moored at the worksite and lighted according to regulations.

Mariners are urged to transit at their slowest safe speed to minimize wake and proceed with caution.
